

## Vialegis acquires German company Schollmeyer & Steidl

**Vialegis**, since 2017 part of **House of HR**, announces the final agreement for the acquisition of **Schollmeyer & Steidl GmbH**. Schollmeyer & Steidl GmbH is the reference player in Germany for the search and selection of lawyers and tax specialists. The acquisition was completed on 27 June 2018. Vialegis, which is the market leader in Belgium in this area and which also has offices in Spain and Luxembourg, thereby realizes again part of its international growth ambitions.

### Internationalisation

“The Belgian market certainly still has growth potential, but our ambition is to become the leading European player in legal staffing solutions”, says **Philippe Jadoul**, founder and CEO of Vialegis. “Since we are part of House of HR we are able to realize this ambition more quickly. The acquisition of Schollmeyer & Steidl is a very important step. The company has offices in Frankfurt, Cologne, Munich and Dusseldorf. and serves the whole German market. Clients are both law firms and corporates. Seen the synergies with the activities of Vialegis, we will cooperate intensively both in approaching clients and in searching candidates.”

The three managers of S&S - **Daniel Schollmeyer, Ina Steidl and Barbara von Rohr** – stay on board as manager and as minority shareholder. “This is a tradition within House of HR which guarantees the ‘entrepreneurial spirit’ after acquisitions. We are a family of entrepreneurs who together grow much more fastly than they would do on their own”, says **Rika Coppens**, CEO of House of HR. “The acquisition of S&S by Vialegis is a nice addition to our portfolio of strong specialized brands in the staffing sector and fits in perfectly with our European growth strategy.”
