

Loyens & Loeff wins ‘Best Employment Law Firm’™ award 2020

For the third year in a row, our Employment & Benefits team has won the ‘Best Employment Law Firm’ award at the **HR Excellence Awards**.

It has been – to say the least – a challenging year for a lot of our clients. The file submitted for the **HR Excellence Awards** showed the Employment & Benefits team’s ability to help and strategically support a client through one of the biggest transformation processes of last year in a sector that was hit hard by Covid-19. That makes this third recognition from the Belgian HR community even more special.

We are very proud of this achievement by our Belgian Employment & Benefits team headed by **Kris De Schutter** and **Filip Saelens**. We congratulate the team for their commitment and hard work. This would not have been possible without our clients, colleagues and stakeholders who contributed to this success.
