

WEBINAR - Series IV : Corporate & Finance update on Brexit & the future partnership

Date: 2021-01-19

The UK officially left the EU on 31 January 2020. Until 1 January 2021 a transition period which continues treating the UK as an EU member state is in place. Hence, the real impact of Brexit will only become visible as from the beginning of next year.

Since the initial announcement of a possible Brexit, Lydian has established a dedicated taskforce to closely monitor the situation and to swiftly assist clients to be fully prepared. We are now organizing a series of 5 to-the-point webinars about the key issues per specific area of law. Kick-off took place this month.

For now we wish you and your loved ones a Merry Christmas and a Happy and Healthy New Year!

During the 4th session of the Lydian Brexit Webinar series, our Corporate & Financial team will provide you with an overview of the most important latest developments. For instance, how will cross-border mergers be impacted, and what is the latest on EU-UK cross-border restructurings? How can UK companies establish a branch in the EU (and vice versa)? Furthermore, what are key considerations for banks, fund managers and investment service providers? What is the latest on regulatory and licencing needs for financial services firms to carry on their EU and/or UK business?
