

WEBINAR - Key insights on investments in AI companies

Date: 2021-01-26

The Corporate Transaction practice of **Ashurst LLP** and **IP Porta** (a boutique law firm specialising in IP) are pleased to invite you on Tuesday 26 January at 9.30 am (CET) for our webinar "**Key insights on investments in AI companies**".

In this webinar, the **Ashurst** and **IP Porta** Team will discuss the key legal topics to consider when investing in an AI company (e.g. ownership of IP, product liability, data protection etc.).

In addition, we are happy to announce that **Frank Aernout**, CEO of **Nalantis** (a Belgian AI company which developed AI that understands natural language), will give his valuable insights into growing an AI business.

Should you wish to register, please use [this link](#) . This will prompt you to create a log-in and will add the session to your calendar.

This webinar is **free of charge** and is open to anyone. Please feel free to forward the below link to your acquaintances who may be interested.

In the meantime, please do take a look at our AI Guide 'Navigating the AI transformation journey' on the Ashurst website [here](#).

We are looking forward to welcoming you at the webinar.
