About my client

My client is a premium Belgian independent law firm, with a renowned Regulatory & Real Estate department. The Real Estate team has a longstanding and proven expertise and in-dept knowhow of the real estate sector. By combining this eminent expertise with a dynamic and proactive approach, they have managed to become an authority in this area of law. Besides ambition and drive, my client highly value dialogue and transparency, offering a unique and stimulating work environment. My client nurtures legal talent and encourages professional and personal growth.

Function

- # Public Law related Estate Cases
- # Environment Law Development
- # PPP/PPI
- # Complex Real Estate Transactions

Your responsibilities

As a Public Law Associate, you will cooperate closely with the Partners on highly challenging cases providing services to all levels of government as well as companies and private clients dealing with government. As member of the team, you will assist in public law related real estate issues (town planning and zoning rules, building and allotment permits, soil issues, expropriation and public domain issues). Besides that, the team assists in complex real-estate transactions and (re-)structuring (divestitures, sale-and-leaseback, PPP and development contracts). Furthermore, you will handle soil clean-up issues, waste disposal and nuisance issues, as well as the legislation in these areas. Your practice area has both a national as international dimension providing you with the opportunity to work for a varied and prominent clientele. Autonomy and a continuous focus on providing the highest quality goes hand in hand with effective teamwork in order to offer the client expert guidance and personal advice.
